Full compliance with the uniform policy is expected as this guarantees modesty of dress appropriate to the ethos of our school. In order to be as flexible as possible it was decided that the formal uniform or the tracksuit version would be acceptable in the school on normal school days. However the formal uniform is obligatory for formal occasions. Schools are being encouraged to help reduce school costs for parents. As part of Stratford's strategy we have school crests for sale at €2.50 per crest available for generic uniforms. This will enable parents to have spare uniforms at a lower cost. I would encourage the purchasing of one standard uniform as described in the Stratford NS Handbook and our Standard Uniform List above. It is a good quality uniform and is important for school tours and official engagements.
