

STRATFORD NATIONAL SCHOOL

(under the auspices of Dublin Talmud Torah)

Message from Claire Harrington

It is a great honour and privilege to take on the role of Principal of such a unique school. I have been teaching in Stratford NS for the past sixteen years and I enjoy coming to work thanks to the wonderful children, dedicated teaching staff and supportive parents.

Firstly, I would like to bid farewell to Mr. Murphy who has been an outstanding Principal and has brought Stratford to where it is today. Mr. Murphy will be sadly missed by the entire school community. Such is the legacy he is leaving behind I can only see a bright future ahead for our school.

I look forward to working with all those involved in the smooth running of our school. Your ongoing support is truly appreciated. With our shared vision for Stratford we can guide our school into the future, prepare our children for life through learning whilst valuing our Jewish ethos.

Stratford is known for our warm and welcoming atmosphere. Let's preserve this quality – our children can only benefit from learning in such a caring environment.

Finally, have a lovely summer. I am excited at the prospect of welcoming our new pupils and their families and hearing all the “news” from our returning Stratford pupils.

Tóg go bog é! (Take it easy!)
